How to Connect to the CRSD Wireless Network on an iPad

1. Select <u>Settings</u>	2. On left hand side choose Wi-Fi
	iPad
Same and the second sec	Settings
Settings	
3 On right hand side under Choose a Network -wait for the list to populate and then choose CRSD wireless ssid	
Settings Wi-Fi	
Airplane Mode	
Wi-Fi Not Connected	
Bluetooth On Choose	a Network
VPN OFF CRS	
C Do Not Disturb OFF Othe	r >
A new window will appear which is called the w	veh authentication window. Type in your CBSD login
information (lunch number) and your current password. Then select Browse the web at the bottom of the	
screen. It will take a short amount of time to authenticate your credentials on the network.
