**Revised: Change in quantity only:**

**Category 2: Chromebook Power Adapters – Additional      Quantity: 225**

**2) Questions and Responses:**

Q. Noticed on the FortiGates there are no security / support bundles included. Is that by choice or just missed?

Also noticed the FortiGates are the "00" models instead of the "01" models. The "01" models include the onboard storage. It's not 100% needed but I believe all your current models are the "01".

**A. This information has been missed. Please include the security bundle and change to 01 Models.**

Q. See Category 2 and 5: The Chromebook 3110 2-in-1 and Dell Latitude 5440 comes with adapters. Do you want a quote for the extra adapters apart from the adapters with laptops?

**A. Yes**

Q. Will comparables be accepted or does it need to be as specified?

A. You are welcome to bid whatever device you like, but due to past performance and support issues, we will not consider bids for HP or Lenovo.
