The Administration recommends approval of an agreement with Bucks IU to prepare, print, process and mail the required notices to property owners in the District as is required by Act 1.

Admin Content

Since its inception, the Bucks IU has provided this service to the County school districts to satisfy the requirements of Act 1 (all new owners must be notified about the process to apply for a homestead/farmstead). This service is exceptionally convenient and eliminates a major hassle. Plus, the volume pricing afforded to the County districts as a whole is advantageous. Below is a trend of CR's annual spending for this service:

Year	\$ Amount
2021-2022	\$5072.96
2020-2021	\$4,337.82
2019-2020	\$4,048.10
2018-2019	\$3,814.63
2017-2018	\$3,723.39
